*Software Development Specifications  
for Electronic Filing of  
Idaho Individual Income Tax Returns  
Tax Year 2005*

Software Developers,

Attached are Idaho 2005 record layout specifications for Electronic filing. Forms are included, to get a copy of our instructions you can go to our web site <http://tax.idaho.gov/> then click on the tax pro button.

What is new for 2005?

- New credit form added, Form 44. The form 44 accommodates most of the credits that were on the form 40 and 43 return, to include new credits allowed but will not be available this year to be e-filed.
- Added a new voluntary donation
- Tax rate schedule changed.
- Holding period for capital gain reduced from 18 months to 12 months.
- Extension of time to file by an individual in a combat zone is the same as the IRS.
- Added reject codes, if you do not support state only filing you will need to implement to be able to transmit tax returns back to us if rejected at the state level.
- We have also requested a scan line on the payment voucher; this is not mandatory but would be of great help in our processing if this could be done, specifications are included in this document.
- Idaho follows the same time line as the IRS for testing of software, when you are ready to test please notify Robin Allen at [rallen@tax.idaho.gov](mailto:rallen@tax.idaho.gov) or 208-334-7783

All changes are indicated in red in the document. If you have any question or comments, please let me know.

Idaho is looking forward to working with you again this year.

## INTRODUCTION

This publication outlines the communication procedures, transmission formats, character sets, validation criteria and reject codes for filing individual income tax returns as part of the Federal State Electronic Filing program between the Internal Revenue Service (IRS) and the State of Idaho.

The material in this publication will provide software developers the necessary information for capturing and formatting Idaho income tax data and the associated federal information required as part of an Idaho return.

This publication does NOT replace the requirements, procedures, etc., issued by the IRS. All IRS requirements must be adhered to in developing the Idaho return. See IRS Publication 1346: *Electronic Return File Specifications and Record Layouts for Individual Income Tax Returns* and Publication 1345: *Handbook for Electronic Filers of Individual Income Tax Returns*.

The *Idaho Electronic Filer Handbook* provides filers and transmitters with the procedural aspects of filing an Idaho return jointly with the taxpayer's federal return.

## WHO CAN FILE ELECTRONICALLY

Idaho will allow returns to be filed electronically if they meet the criteria set by the IRS and the State of Idaho. The following is a list of returns acceptable for electronic filing.

1. Form 40 & 43
2. Form 39R, 39NR, 44, CG, 49, 49C, 49R, 55, 56, 67, 68, 68R, 69, 69R, 75, 49E
3. Refund Returns, Balance Due Returns & Direct Deposit
4. Deceased Taxpayers
5. Credit for taxes paid to another state.
6. Married filing separate returns

## EXCLUSIONS FROM IDAHO ELECTRONIC FILING

For Tax Year 2005, there are some restrictions for filing an Idaho electronic return. These are as follows:

1. Non-calendar year filers
2. Prior Year Returns

➤ **NOTE:** These are over and above the IRS restrictions listed in Publication 1345.

**ACKNOWLEDGMENT OF IDAHO ELECTRONIC RETURN  
PURPOSE OF IDAHO ACKNOWLEDGMENT**

The Idaho Acknowledgment system is designed to inform transmitters that the Idaho return data has been retrieved and is being processed by the Idaho State Tax Commission.

**DESIGN FOR IDAHO ACKNOWLEDGMENT SYSTEM**

Idaho will participate in the combined Federal/State acknowledgment program. State acknowledgments will be transmitted by Idaho to the IRS through the EMS (Electronic Management System). Transmitters will be able to retrieve State acknowledgments in the same way as Federal acknowledgments are retrieved. The record layout for the new 120 byte State acknowledgment is included in this publication.

**RETURNS RECEIVED AT THE IDAHO STATE TAX COMMISSION**

The Acknowledgment Record will inform the Transmitter that the return was received by the State of Idaho. It will not indicate whether any errors were identified.

**RESOLUTION PROCESS  
NON-RECEIPT OF IDAHO ACKNOWLEDGMENT RECORD**

In all instances, ensure you have received an IRS Acknowledgment Record and the federal tax return was accepted and contained an Idaho state return prior to contacting the Idaho State Tax Commission.

**CONTACT THE IDAHO STATE TAX COMMISSION IF:**

1. Idaho Acknowledgment Records were received for some returns, but not all returns filed on the same day.
2. IRS Acknowledgment Records were received more than two working days ago and no Idaho Acknowledgment records have been received for the same tax returns.
3. Acknowledgment records have been received for a Transmission day that follows a day that no records were received. I.e. received acknowledgment records for Wednesday, but not for Tuesday.

**WHO TO CONTACT**

To check on the status of an Idaho Acknowledgment Record contact: the Idaho State Tax Commission at (208) 334-7783.

Have the following information available when making the call:

Electronic Filer ID Number (EFIN)  
Primary SSN  
Transmission Date  
Date of IRS Acknowledgment Record  
Contact Name and Phone Number

### IDAHO TESTING

Idaho requires all software developers to test with the Idaho State Tax Commission. State testing can occur the same time as IRS testing begins. To facilitate testing, the commission has generated test cases based on the IRS PATS test example. The Social Security numbers, names and addresses have been altered and Idaho specifics added. The test package will detail the conditions and acceptance procedures. In general, the Idaho State Tax Commission will notify you as soon as possible of acceptance or if problems exist with your test cases.

**Please support all schedules, forms and occurrences. It is important to customers and to the State of Idaho that customers are provided with a full range of services.**

**If you are not supporting all forms and schedules, please inform the State of Idaho before the first test transmission test.**

If you offer on-line filing you are required to send a test transmission.

The Preparers are not required to test, however, the Idaho State Tax Commission will accept and process any tests received. Consult the Idaho Electronic Filing Test Package for more information.

### GENERIC AND UNFORMATTED RECORD

The IRS defines two record types for state collection of income tax data as part of the Federal State Electronic Filing program. The generic record is a specific formatted record layout that defines each field's characteristics. In the generic record, Idaho captures the state return. The unformatted records consist of nine (9) occurrences, each with 4853 characters (60 lines with 80 characters each).

### GENERIC RECORD

In this section, Idaho captures the Idaho Forms 40 and 43.

**Header Section.** Contains identifying information for the return including the Declaration Control Number (DCN) assigned to the return. This is the same DCN assigned to the Federal Return.

**State Preparer/Transmitter Section.** Idaho uses this section of the record to capture Idaho return preparation information.

**Entity Section.** This section provides name and address information. Idaho requires the exact data in these fields as are stored in the federal return. However, reformatting is required due to field length differences. The IRS character specifications and editing requirements apply to these fields as defined for the federal return.

**Consistency Fields.** The IRS provides based consistency fields and checks. If an entry is significant, it will be compared to the federal return. If it does not match, the returns (both federal and state) will be rejected. The record layout lists the corresponding federal field.

**Alphanumeric Fields.** The generic record provides five (5) fields, each 80 characters in length for states to define additional data fields. The record layout shows (for each field used) how the 80-character field is broken down into individual data fields.

**Signed Numeric Money Fields.** This section contains 116 fields, each 12 characters in length for the storing of money fields. In this section, Idaho captures the Idaho Forms 40, 43, 39R, 39NR, 44, 49, 49C, 49R, 55, 56, 67,68, 68R, 69, 69R, 75, CG and 49E. For the majority of Idaho returns, these are the parts of the forms used by Idaho taxpayers.

**Record Terminus Section.** The 1-character field with a value of “#” that indicates the end of the generic record.

### UNFORMATTED STATE RECORDS

The Unformatted State Records Section will be utilized for the capture of the federal return and Idaho Forms 40, 43, 39R, 39NR, 44, 49, 49C, 49R, 55, 56, 67, 68, 68R, 69, 69R, 75,CG and 49E

In defining the requirements for the unformatted records, Idaho adheres to the following principles:

1. Idaho is requiring the complete federal return.
2. Idaho utilizes the federal field number for data defined by the IRS.
3. Idaho is storing the data in the same method as the IRS, with the data being preceded by the field number. The Idaho portion of federal data should be identical to the IRS data with the exception of eight characters. The following state record characters should be substituted for the corresponding IRS values.

The characters are:

IRS Character	Substitution Characters	ASCII Hex	EBCDIC Hex
****	!!!!	21212121	5A5A5A5A
[	{	7B	C0
]	}	7D	D0
#	\$	24	5B

The federal data must be formatted using the IRS formatting requirements for variable length records.

The IRS Summary Record does not have to be placed in the unformatted state record. If it is included, it will not be edited or processed by the Idaho State Tax Commission.

*As Idaho is capturing the federal forms and schedules intact (as formatted for the IRS) there is the chance that not all of the data can be stored in the unformatted records. If storing of the federal data requires more space than available in the (9) unformatted records, the Idaho return is not eligible for electronic filing. If more than one unformatted record is required for the federal return, DO NOT split forms or schedules across unformatted records.*

### CHARACTER SETS - ALLOWABLE ENTRIES

Idaho follows the IRS requirements for field character specifications. All IRS fields captured for Idaho would be formatted identically to the IRS format.

The following descriptions of fields have been extracted from IRS Publication 1346, Electronic Return File Specifications and Record Layouts for Individual Income Tax Returns (Tax Year 2004).

ALPHA (A) A - Z Upper case alpha characters only  
NUMERIC Values 0 - 9, Right-justified, zero-filled

1. **Money Fields.** All money fields are 12 characters: 11 numeric characters followed by negative sign (-) if a negative entry. If a positive entry, the last position is blank. All money entries are whole dollars (no cents).

Significant: not all zeros, right justified, zero filled. Non-significant: blank filled. No dollar signs, commas, periods or other non-numeric characters would be inserted into the field.

2. **Percentage Fields.** 5 numeric characters, left justified, zero-filled. Decimal points entered - assumed to be between the left-most and second left-most position.

**Example:** 25.32% = 02532, 105% = 10500  
If less than 100% = preceded with a zero.

**EXCEPTION:** *Ratio* 5. Numeric characters, no leading zero. No decimal points entered – assumed to precede left-most position.

**Example:** 65.987% = 65987

3. **EIN (Employer ID Numbers).** On Schedules C and F should be blank if there is no number.

4. **Zip Code.** Should be left justified. If there are only 5 zip code characters, the 7 remaining digits must be zero filled. If the 3 digit Bar Code Delivery Point is not present, left justify the Zip Code and Zip + 4 and zero fill remainder.
5. **Other Numerics.** If present: all numeric, right justified, zero-filled. If not present: **ZERO-fill, UNLESS OTHERWISE SPECIFIED IN THE RECORD LAYOUT FOR THAT FIELD.**
6. **Dates.** M=month. D=day. Y=year. Format will depend on field size (either MMYYYY or MMDDYYYY). If date is not known or covers various dates, enter zeros.

**ALPHANUMERICS: A - Z (upper case). 0 - 9**

State fields that are identical to a corresponding federal field would follow the same usage of special characters as outlined in Publication 1346.

For instance, name and address fields on the Idaho form must be identical to the federal return. The usage of special characters on the Idaho return is limited to what is allowed by the IRS.
